

Supplementary Table 2 Overall characteristics of the Andalusian population according to age ranges (N=216)*.

Characteristics	Aged <16 years	Aged 16-64 years	Aged >64 years
	<i>Mean±SD</i>	<i>Mean±SD</i>	<i>Mean±SD</i>
Individuals per 100,000 inhabitants	17,059.4±2,449.7	66,330.9±2,585.2	16,606.4±4,562.3
Overall age (years)		39.9±1.6 [†]	
Gender			
Men per 100,000 inhabitants	8,789.5±1,311.2	34,258.5±1,439.8	7,374.1±2,113.2
Women per 100,000 inhabitants	8,242.3±1,207.8	32,061.4±1,844.3	9,206.9±2,536.6
Literacy/education level			
Illiterates per 100,000 inhabitants	-	1,227.1±986.5	13,228.7±6,095.7
Individuals without studies per 100,000 inhabitants	-	6,453.2±3,101.1	45,485.4±11,021.3
Individuals with primary studies per 100,000 inhabitants	-	17,863.4±4,669.8	14,979.3±4,710.1
Individuals with secondary studies per 100,000 inhabitants	-	59,660.3±4,416.9	13,172.0±7,525.3
Individuals with tertiary studies per 100,000 inhabitants	-	13,240.2±5,533.6	3,285.0±3,263.7
Housing			
Single-person homes per 100,000 homes		20,065.7±4,809.5 [†]	
Homes with pending payments per 100,000 inhabitants		24,568.7±10,383.0 [†]	
Dependence index		51.0±6.0 [†]	
Net income per inhabitant (euros)		15,899.3±11,418.9 [†]	
Married individuals per 100,000 inhabitants	171.7±293.6	56,518.0±3,493.0	60,551.9±4,704.1
Unemployed individuals per 100,000 inhabitants		15,015.8±4,367.3 [†]	
Foreign individuals per 100,000 inhabitants	6,642.3±7,419.4	7,857.6±7,884.7	4,755.6±9,513.5
Deceases from endocrine disease per 100,000 inhabitants	0.6±4.1	4.0±7.0	143.8±86.0

Characteristics	Aged <16 years	Aged 16-64 years	Aged >64 years
	<i>Mean±SD</i>	<i>Mean±SD</i>	<i>Mean±SD</i>
Pharmacies per 100,000 inhabitants		45.7±23.7 [†]	
Sports facilities per 100,000 inhabitants		151.3±130.3 [†]	
Inhabitants per hectare		3.2±8.9 [†]	
Hypoglycaemic events per 100,000 inhabitants			
Overall	11.5±64.2	45.1±36.6	392.9±236.8
Men	9.4±28.9	53.1±58.1	336.5±262.0
Women	13.4±126.2	36.2±33.9	440.5±289.5

*Characteristics of the population from the 216 healthcare basic zones of Andalusia are presented.

[†]We had disaggregated data on these variables.

SD, standard deviation.
